**DISCUSSION**

Members of the Board of Education, community, and school staff met for the eighth Facilities Advisory Committee (FAC) meeting. Co-chair Bob Mallow called the meeting to order, then asked Superintendent Thompson to lead the committee in reviewing the Shared Commitments and preview the agenda.

Nick Kent of PRA reminded committee members of prior design options and showcased the updated options and pricing for committee consideration. The committee reached consensus to recommend Option 8A to the School Board as the district's long range master plan. The committee then reviewed and revised the Community Survey to reflect this recommendation, as well as requesting feedback from district residents about the 1894 building.

The meeting concluded with FAC members completing Exit Slips listing things committee members learned, want to know more about, and in addition to the option we have recommended, is there any other advice you would give the board regarding the survey? Please explain.

**ADJOURNMENT**

The meeting was adjourned at 8:38p.m.

Melissa Thompson
