SCHOOL BOARD WORK SESSION

January 11, 2019

7:00 a.m.

Board Members Present: John Stahl, Susie Polentini, Peggy Moede, Darin Clark, and Aaron Dentz.

Also in attendance: Charisse Kroner, Marge Mosey, Dianna Van Mullem, the Yearling Family, Andrew Joseph, Jeremy Struss, Melissa Thompson, Nick Kent and Devin Kack of PRA and Dan Davis of C.G. Schmidt.

CALL TO ORDER

The work session began at 7:02 a.m.

DISCUSSION

The School Board heard an update on the Math Curriculum and Programmatic Review implementation this school year including the transition to Big Ideas Math for grades 6-8 and the upcoming change to the newest version of Everyday Math for grades 4K-5th. Staff continues to appreciate the just-in-time training model and is mapping out the differences in these two programs so that once the transition happens next year, it is seamless with the elementary grades. Additional focus is on procuring the most effective interventions and extensions for students in math.

The board commended Ella Yearling for the Patriot's Pen Contest through the VFW and then heard a referendum progress report. It was reported that the design process is nearing the end so that construction documents and budgets can be established. This will be brought back to the board in February for a next round of decisions about priorities according to the budget and costs determined based on design.

ADJOURNMENT

The meeting was adjourned at 8:36 a.m.

Respectfully submitted,

Melissa Thompson
Superintendent
