

Partnership with Summit Labs

We are excited to announce a partnership with Summit Clinical Laboratories in Delafield. We now have a Swallow-specific form and parental consent, so that results can be communicated directly with Nurse Beth, eliminating the need for extra steps and a quicker return to school.

How does this work?

- If you wish to have your child's results shared directly with Swallow School, print out BOTH of these forms that you will fill out and provide at Summit Labs. Results then get uploaded into a portal that is only accessed by Nurse Beth, so confidentiality is still maintained.
 - [Summit Labs Parent Consent Form-Print and Take](#)
 - [Summit Labs Test Registration Form](#)
- If you do not wish to share your child's results directly with Swallow School, use the [ONLINE Summit Labs Registration instead](#).

Summit Clinical Laboratories usually has same day results by 12am, ensuring that with negative results and improving symptoms, your student can return to school the next day or as soon as possible.

Any questions? nurse@swallowschool.org
