

we learn, we build, we play with
LEGO® Bricks

AFTER SCHOOL

So fun it won't feel like learning!!

Early Engineers is back at Swallow!

After School STEM Enrichment Program

Bricks 4 Kidz classes provide an extraordinary atmosphere for children, where we learn, we build and we play...with LEGO® bricks. Students build a new model each week, designed by B4K engineers and architects, with exciting themes that kids love! We use technic LEGO®'s, teaching students how gears, pins and axels work together to create movement. We have multiple levels of difficulty for each build of the day to accommodate younger or less experienced builders to the older or more seasoned builders. Our models are motorized, designed to give students the skills they will later use in robotics courses, while developing team building skills and HAVING FUN!!! There are six classes per session and sessions are never repeated! Each session will focus on a different theme with new challenging builds.

Mission to Space

Space, often called "the last frontier", has inspired scientists, star-gazers and adventurers for generations. Get inspired to go on your own adventure and join us on a Mission to Space! Discover some incredible space structures, the surface of the moon on a lunar rover, and some ways that our astronauts prepare for their journey. We'll provide the bricks, all you need to bring for this adventure is your imagination!

ENROLL TODAY - CLASS SIZE IS LIMITED - LESSONS WILL NEVER BE REPEATED

Class Information

Price: \$84.00 / 6-week session
Grades: 5K-5th
(build plans vary based skill level)
Tuesdays: Oct. 23rd - Nov. 27th
Time: 3:20 pm - 4:20 pm
Location: Swallow School - Rm TBD

Payment/Cancellation Policy:

Tuition is 100% refundable until the first class. No credits or refunds will be given after the first day.
