

## GRADUATION VIDEO

An annual tradition and memory keepsake for our 8th graders is a slideshow featuring our wonderful Swallow graduates. We are so grateful to have the opportunity for a traditional ceremony this year and want to make the slideshow a beautiful memory for them and their families!

***To create this slideshow, we need your help!*** We need pictures of your 8th grader and any group pictures of these 8th graders in school events by **Friday, May 13th.**

**What types of pictures do we need?** Two types: individual and group pictures.

### Graduate Pictures

**For your graduate,** please upload pictures from the following years. Either candid or formal pictures would be appropriate.

1. Baby picture
2. Kindergarten picture
3. 4th or 5th grade picture
4. 8th grade picture

### Group Pictures

**For the group pictures from school-sponsored events or activities,** there is a folder on a Shutterfly Shared Site for each school year. If you have any pictures you'd like to be considered for the slideshow, please put those photos in the corresponding grade level folder. Based on the number of photos submitted, not all will likely be included.

### **How do I upload photos?**

Please follow the link below to the Swallow School Class of 2022 shared site to add your pictures.

<https://swallowschoolclassof2022.shutterfly.com/>

A folder has been created for each student's individual pictures. Please find your 8th graders folder and add the images. If you would like your child's name to appear differently, please feel free to edit the album title. This is the name that will be used in the video.

**Will the slideshow be available for future viewing?** Yes, the slideshow will be uploaded to an unlisted YouTube channel. Following graduation, a link will be provided, which can be shared with family and friends and accessible on the web for years to come.

Thank you for helping make this happen! If you have any questions, please email Holly Tassone at **[htassone@gmail.com](mailto:htassone@gmail.com)**.
