HEALTH TRAVEL ADVISORY

As travel opens up around the world, all destinations, airports, air carriers, hotels, restaurants, transfer companies, car rental companies, shops and excursions have established health safety measures and precautions which may change from day to day. These safety measures may include but are not limited to curfews, attraction closings and reduced hours, size of group gatherings, social distancing requirements, health screenings and self-quarantine requirements. In addition, you must follow CDC guidelines and the recommendations of health officials. Please note that any public location where people have been or are present provides an inherent risk of exposure to illness and Regalis Group LLC, partner companies and relates suppliers cannot guarantee that you will not be exposed during your vacation. By traveling, you agree that you assume these inherent risks associated with your vacation. Any and all additional costs will be your sole responsibility. You must understand that suppliers may not apply health protective policies and practices as diligently as the policies suggest. Even if the supplier makes a good faith effort to enforce its good practices, some travelers may refuse to cooperate and put you at greater risk. You need to perform your own due-diligence to be sufficiently informed of the risks involved when traveling and using us to plan your travel.
