

Merton/Swallow Virtual Summer School Information

Dear Families,

We are pleased to offer our June Virtual Summer School Information. Below you will find the details regarding our proposed programming:

- Here is the [link](#) to our **Virtual Summer School Course Booklet**. Please review the courses. You will find a matrix of courses per grade level with details of the courses. Please look for your child's **CURRENT GRADE** when selecting/choosing courses.
- Here is the [link](#) to register.
- Courses will run **June 15-July 2**, Monday through Thursday.
- Classes are being created to engage kids for about 1 hour per day (total of 12 days this session). They can be done basically whenever it works for students and families with as much "ease" as possible on our parents. Courses are designed to have a 10-15 minute video to explain the daily activity(ies), followed by time to complete those tasks. Teacher's will have "office hours" to ensure families and students can get their questions asked.
- Students can take as many courses as they want!
- **Registration will begin on Tuesday, May 26th at 8:00 AM and runs through Sunday, May 31st.** A Google Form will be emailed to families to sign up each child for their classes starting at 8:00 AM. (Most classes do not have a maximum except for Middle School World Languages (10 students) and Guitar (20 students))
- If courses need to be cancelled due to low enrollment, families will be notified by email by **Wednesday, June 3rd**.
- Material Pick Up for Summer Courses will be held on **Wednesday, June 10th between 8:00-4:00** at Merton Primary School. Directions for material pick up will be shared closer to this date.
