

# REPRODUCTIONS

**Reproductions are a great opportunity for parents that would like a framed copy of their student's artwork for another family member or as a gift.**

**This is how it works:**

- 1. Artome staff will take the orders from the parents.**
- 2. We will remove the original artwork from the frame and build a second frame for the reproduction.**
- 3. The parents will receive 2 blank frames the night of the show.**
- 4. Artome will take the original art back to our office and make a color copy of the artwork. We will ship the copy and original art back to your school inside a white cardboard envelope.**
- 5. The student can take the artwork home and easily insert it inside the frames.**
