

What Time is it?
It's Time to Join the Swallow School Math Team!

Swallow's math team gives kids an opportunity to dive deep, explore and compete in the arena of mathematics. The goal of the program is to stretch and challenge students who enjoy math. Students will be selected from the club to participate in the regional math meet in the spring against other area schools. Students who participate in math team should feel comfortable with grades 6-8th grade math.

This year we are having two focus areas -

Tuesday Mornings:

- **Prepare for math contests by learning new concepts and strategies**
- **Tuesdays 7:05 am-8:05 am - STARTING OCT. 8**
- **Location: Swallow Discovery Lab**

Friday Afternoons:

- **Play math games, puzzles and problem-solve with other students who enjoy mathematics.**
- **Fridays, twice a month 3:15 pm - 4:15 pm - STARTING OCT. 11**
- **Location: Swallow Discovery Lab**
